

Training and Conference Management System

4BN's training and conference management systems are fully integrated with all other products in the E-mediate range.

Features:

- Course/Conference catalogues
- Student/Delegate Registration
- Simple "Drag and Drop" Linkage of Content to Delegates/Students
- Secure access
- Full reporting facilities
- Performance monitoring/management
- Internal/External billing
- Searchable content
- Notice Boards
- Chat Rooms

4BN's E-mediate index/search and retrieval system completes the range of management software, by offering an economical solution to the indexing of all other streaming media content from whatever source e.g.: audio, video, TV, Radio, Satellite etc.
